

# SAFETY DATA SHEET

Issue Date 01-Dec-2014

Revision Date 01- Oct-2020

Version 3

## 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

### Product identifier

Product Name AQUAMAG ® FM

### Other means of identification

Product Code AQUAMAG ® FM

Synonyms Magnesium Hydroxide, Mag Hydroxide, Hydrated Magnesia, Mg(OH)<sub>2</sub>

### Recommended use of the chemical and restrictions on use

Recommended Use Wastewater treatment

Uses advised against No information available

### Details of the supplier of the safety data sheet

#### Manufacturer Address

Premier Magnesia, LLC, 75 Giles Place, Waynesville NC 28786

### Emergency telephone number

Company Phone Number 828 452 4784

24 Hour Emergency Phone Number Chemtrec 1-800-424-9300

Emergency Telephone Chemtrec 1-800-424-9300

## 2. HAZARDS IDENTIFICATION

Classification: Not classified under US GHS

GHS Labeling Elements: No GHS labeling.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

Common name Magnesium Hydroxide CAS# 1309-42-8.

Synonyms Magnesium Hydroxide, Mag Hydroxide, Hydrated Magnesia, Mg(OH)<sub>2</sub>

Mg(OH)<sub>2</sub>

Chemical Name	CAS No.	Weight-%	Trade Secret
Water	7732-18-5	39-47	
Magnesium Hydroxide	1309-42-8	53-61	

## 4. FIRST AID MEASURES

### First aid measures

**Eye contact** Rinse thoroughly with plenty of water, also under the eyelids. If eye irritation persists, seek medical attention.

**Skin Contact** Wash skin with soap and water.

---

<b>Inhalation</b>	Remove to fresh air. If breathing has stopped, give artificial respiration. Get medical attention immediately.
<b>Ingestion</b>	Ingestion is an unlikely route of exposure. If ingested in sufficient quantity and victim is conscious, give 1-2 glasses of water or milk. Never give anything by mouth to an unconscious person. Do not induce vomiting to unless instructed to do so by qualified medical personnel, since material may be aspirated into the lungs. Seek immediate medical attention.
<b>Note to physicians</b>	Treat symptomatically.

## 5. FIRE-FIGHTING MEASURES

### Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Do not direct fire suppression water to waterways or stormwater drains.

**Unsuitable extinguishing media** Caution: Use of water spray when fighting fire may be inefficient.

### Specific hazards arising from the chemical

No information available.

### Explosion data

**Sensitivity to Mechanical Impact** None.

**Sensitivity to Static Discharge**

None.

### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand (MSHA/NIOSH approved or equivalent) and full protective gear.

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

**Personal precautions** Ensure adequate ventilation, especially in confined areas. Use neoprene gloves. Wear safety glasses with side shields or goggles.

### Environmental precautions

**Environmental precautions** Do not allow material to enter waterways or stormwater drains. Stop spill or release when safe to do so. Place sorbent clay, vermiculite, straw or sorbent pads on spilled material. Dig shallow trench, build dike or place booms around spilled material to prevent runoff or entry into waterways or storm water drains.

### Methods and material for containment and cleaning up

**Methods for containment** Prevent further leakage or spillage when safe to do so. Place sorbent clay, vermiculite, straw or sorbent pads on spilled material. Dig shallow trench, build dike or place booms around spilled material to prevent runoff or entry into waterways or storm water drains.

**Methods for cleaning up** Carefully clean up and place material into a suitable container, being careful to avoid creating excessive dust from dried product. If conditions warrant, clean up personnel should wear approved respiratory protection, gloves and goggles to prevent irritation from contact and/or inhalation. Follow Federal, State and local regulations on use of respiratory protection. Do not use aluminum containers for material storage. Do not rinse into waterways or stormwater drains unless instructed to do so by regulatory authorities.

## 7. HANDLING AND STORAGE

### Precautions for safe handling

**Advice on safe handling** Handle in accordance with good industrial hygiene and safety practice.

### Conditions for safe storage, including any incompatibilities

**Storage Conditions** Do not allow product to freeze. Do not store in drums or tanks constructed of aluminum!

**Incompatible materials** Maleic anhydride. Aluminum metal in contact with product may produce hydrogen.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control parameters

**Exposure Guidelines** .

**Engineering Controls** Provide enough ventilation, in both volume and air flow patterns to control mist/dust concentrations below allowable exposure limits.

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses with side shields or use goggles.

**Skin and body protection** Wear neoprene gloves and long sleeve clothing.

**Respiratory protection** Use NIOSH approved respirators in accordance with requirements of 29 CFR 1910. 134 for level of exposure incurred.

**General Hygiene Considerations** Avoid contact with eyes, skin and clothing. After handling this product, wash hands before eating or drinking.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

<b>Physical state</b>	Liquid		
<b>Appearance</b>	Slurry	<b>Odor</b>	Odorless
<b>Color</b>	White to off-white	<b>Odor threshold</b>	No information available

<u>Property</u>	<u>Values</u>	<u>Remarks • Method</u>
pH	10-11	
Melting point/freezing point	2100 °C >3800 °F	
Boiling point / boiling range	Loses free water at 100 °C ;Chemically combined water at 350°C	
Flash point	No information available	
Evaporation rate	Same as water	
Flammability (solid, gas)	No information available	
Flammability Limit in Air		
Upper flammability limit:	No information available	
Lower flammability limit:	No information available	
Vapor pressure	No information available	
Vapor density	No information available	
Specific Gravity	1.45	
Water solubility	No information available	Aqueous Slurry
Solubility in other solvents	No information available	
Partition coefficient	No information available	

Autoignition temperature	No information available
Decomposition temperature	No information available
Kinematic viscosity	No information available
Dynamic viscosity	No information available
Explosive properties	No information available
Oxidizing properties	No information available

**Other Information**

Softening point	No information available
Molecular weight	No information available
VOC Content (%)	No information available
Density	No information available
Bulk density	12.71-13.19 lb/gal

## 10. STABILITY AND REACTIVITY

**Reactivity**

No data available

**Chemical stability**

Stable under recommended storage conditions.

**Possibility of Hazardous Reactions**

None under normal processing.

**Hazardous polymerization**

Hazardous polymerization does not occur.

**Conditions to avoid**

Extremes of temperature and direct sunlight.

**Incompatible materials**

Maleic anhydride: Aluminum metal in contact with product may produce hydrogen.

**Hazardous Decomposition Products**

Heat and steam.

## 11. TOXICOLOGICAL INFORMATION

**Information on likely routes of exposure**

**Product Information** Product does not present an acute toxicity hazard based on known or supplied information

**Inhalation** No data available.

**Eye contact** No data available.

**Skin Contact** No data available.

**Ingestion** No data available.

Chemical Name	Oral LD50	Dermal LD50	Inhalation LC50
Water 7732-18-5	> 90 mL/kg ( Rat )	-	-
Magnesium Hydroxide 1309-42-8	= 8500 mg/kg ( Rat )	-	-

**Information on toxicological effects**

**Symptoms** No information available.

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Irritation** May cause eye irritation.  
**Sensitization** No information available.  
**Germ cell mutagenicity** No information available.  
**Carcinogenicity** No information available.  
**Reproductive toxicity** No information available.  
**STOT - single exposure** No information available.  
**STOT - repeated exposure** No information available.  
**Aspiration hazard** No information available.

**Numerical measures of toxicity - Product Information**

## 12. ECOLOGICAL INFORMATION

**Ecotoxicity** Avoid release to the environment. Prevent release into waterways or stormwater drains. See Section 6, Accidental Release Measures.

**Persistence and degradability**

No information available.

**Bioaccumulation**

No information available.

**Other adverse effects**

No information available.

## 13. DISPOSAL CONSIDERATIONS

**Waste treatment methods**

**Disposal of wastes** This produce does not exhibit any characteristics of a hazardous waste. The product is suitable for landfill disposal once the free water component is evaporated or absorbed by a suitable absorbent (earth). Follow all applicable federal, state and local regulations for safe disposal. Do not dispose of liquids in a landfill. Do not direct or dispose into waterways or stormwater drains.

**Contaminated packaging** Do not reuse container.

## 14. TRANSPORT INFORMATION

**Note:** WARNING! Premier Magnesia, LLC prohibits this product from transportation or storage in tanks constructed of aluminum! See section 10.

**DOT**

Not regulated by DOT as a hazardous material. No hazard class, label or placard required, no UN or NA number assigned.

## 15. REGULATORY INFORMATION

**International Inventories**

TSCA	Listed
DSL/NDSL	Listed
IECSC	Listed
KECI	Listed
PICCS	Listed
ENCS	Listed
AICS	Listed
Eu REACH	Registered

**Legend:**

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory

DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List

IECSC - China Inventory of Existing Chemical Substances

KECL - Korean Existing and Evaluated Chemical Substances

PICCS - Philippines Inventory of Chemicals and Chemical Substances

AICS - Australian Inventory of Chemical Substances

**US Federal Regulations****SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

**SARA 311/312 Hazard**

HNOC- storage in aluminum container may release hydrogen gas

**Categories****CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

**US State Regulations**

**California Proposition 65**  **WARNING: This product can expose you to chemicals including nickel and other chemicals which are known to the State of California to cause cancer, and lead and other chemicals which are known to the State of California to cause birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).**

**U.S. State Right-to-Know Regulations**

Chemical Name	New Jersey	Massachusetts	Pennsylvania
Magnesium hydroxide	-	-	-

EPA Pesticide Registration Number Not Applicable

**16. OTHER INFORMATION**

<b>NFPA</b>	Health hazards 1	Flammability 0	Instability 0	Specific Hazards
<b>HMIS</b>	Health hazards 0	Flammability 0	Physical hazards 0	Personal protection X

Revision Date 01-Oct -2020  
Revision Note **Update Prop 65. General update**

**Disclaimer**

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
